## Requirements for submission of Match Log Book

Level	Requirements
Accreditation Submission	Technical Official Log Book containing a variety of matches submitted to England Netball. England Netball requires a minimum of 2 matches per role (this does not include Bench Manager).
Running Log	All matches are required to be recorded and Technical Officials should keep scanned copies of INF Score Sheets. These may be required as part of the application stage to National or International Events. Technical Officials are reminded that they should participate in a variety of roles.
International Status	Technical Officials wishing to be considered for International status are required to be actively involved in England Netball Premier/Superleague Matches and England Netball National Tournaments. A minimum of 5 matches per role (this does not include Bench Manager) are required. In addition, two copies of an INF Score sheet completed by the Technical Official should also be submitted.
